

Groop records all our members and allows us to communicate with our members for their availability”

John – Volunteer staff members

Who are Thursday Footie?

Thursday Footie is a club that meets weekly, providing a meeting place for 40 members who play on a Thursday evening for an hour before strolling to the local pub to debrief!

The team players are all between 30-50 years and use the weekly session as a boost to their fitness, as well as a chance to socialise. They also organise local tournaments and family football days on weekends.

John, Volunteer staff member, says:

“Using Groop means our Thursday football runs smoothly. Recently our key organiser was injured and has been unable to play, but because Groop records all our members and allows us to communicate with our members for their availability and record their subs, it means that our other staff/organisers were able to pick up where our key organiser left off and continue to run the club as normal.”
